

# Aviation Camp in Singapore 2019-2020

## WHO ARE WE?

**Inlingua School of Languages** is a part of an international network of language schools, with over 300 schools in over 30 countries. Established in Singapore since 1972, the school specialises in language teaching and study travels. Our clients choose us for the support we provide in planning their studies; our students love us for the life-changing experience we offer.

*~ For 47 years, we have been helping people cross language barriers ~*

## WHAT'S THE CAMP ABOUT?

**Specially designed for individuals with an interest in the Aviation industry, or simply anyone who wants a refreshing way to spend your summer while learning English, then this camp is for YOU!**

Kick-start your learning journey with our professional General and Aviation English conducted by our trained language teachers or aviation professionals who are native speakers of English. Our unique methodology of teaching and blended learning promises that you will further improve your language skills to communicate in English in an interactive environment right from the very FIRST lesson!

Aviation related subjects will be covered in the General English classes; DynEd Aviation English courseware will then be used for you to put into practise the aviation terminology you now know of!

Beyond classroom learning, more thrilling aviation-related activities await you, including flight simulations, indoor skydiving, and an up-close experience with Light and Business aircraft. **Are you gamed?**

## WHEN'S THE CAMP?

Client to decide their own dates.

**Or any other dates for organised groups with minimum of 6 students subject to availability of the visits and facilities.**

## WHAT'S IN IT FOR YOU?

### 1. Singapore: the aviation hub of Asia Pacific

As the leading aviation hub in Asia Pacific, Singapore caters to a quarter of the Asian Maintenance, Repair and Overhaul (MRO) market. Now, grab the chance to catch a glimpse of what goes on in Seletar Aerospace Park\*, a **WORLD-CLASS FACILITY** that supports industrial and business aviation activities!

### 2. English: the international aviation industry's *lingua franca*

Learn the English communication skills used in the global Aviation industry today. Under **PROFESSIONAL GUIDANCE**, we will help you kick-start your journey to attaining the mandatory language proficiency requirements specified by the International Aviation Organization.

### 3. Understand real -world flight operations

This is the opportunity to **LEARN FIRST-HAND FROM THE INDUSTRY'S EXPERTS** on a wide range of activities related to aviation, from aircraft identification to aircraft maintenance to aviation physiology.

*Upon completion of the Aviation Camp, all students will be awarded a Certificate of Participation*

*\*Subject to availability and changes*

## CAMP HIGHLIGHTS!

There are 4 field trips in this Aviation Camp and the following are just some of the possible exciting locations that the students may visit.

***The sequence and places are subject to change without prior notice. If a place of visit is unavailable, it will be replaced with an alternative visit.***

### Singapore Aeromedical Centre (SAC)

Established in 1996

Specialises in:

- Occupational and aviation medicine
- Aviation physiology training
- Providing general medical services

One-stop Specialist Aviation Medicine Centre

Largest provider of Aviation Medicine Services in Singapore

**Website** - <https://www.stlogs.com/sites/singapore-aeromedical-centre/about-us/>

### ST Aerospace Academy (STAA) Singapore

Established in 2007

The first non-airline affiliated flight training organisation headquartered in Singapore to offer commercial pilot training services to airlines and aspiring individuals

Offers conventional Commercial Pilot Licence (CPL) training programmes

One-stop pilot training solutions provider

Offers customised programmes for airlines

### Airbus Asia Training Centre

Located at Singapore's Seletar Aerospace Park

Offers pilot type-rating and recurrent training courses for all in-production Airbus jetliner variants

Housed in a 9,250-square metre facility and developed with a \$100 million (U.S.) investment in building and simulators

Airbus' largest flight crew training facility

Home to the largest number of simulators worldwide for Airbus' next-generation A350 XWB jetliner

Website - <https://www.airbus.com/aircraft/support-services/training/training-centers-network/airbus-asia-training-centre.html>

### MAJ Aviation General Aviation Centre

The 2 hangars, separated by 30 metres tow way with direct access to Seletar runway, deliver a mix of functionality, convenience and connectivity, adding value to the needs of the GA scene in Singapore and further afar the region.

## Business Aviation: Jet Aviation / Hawker Pacific

**Jet Aviation** - Located at Singapore's Seletar Airport

Has been providing maintenance and Aircraft on Ground (AOG) services to customers for almost 20 years, offering fixed-based operator (FBO) services at both Seletar and Changi airports.

To accommodate the growing demand in Asia, a new maintenance hangar alongside previous maintenance and FBO operation was constructed at Seletar Aerospace Park, which opened in May 2014.

**Website** - <https://www.jetaviation.com/singapore>

**Hawker Pacific** - Located at Singapore's Seletar Airport

Market leader in integrated civil and military aerospace sales and product support in Asia Pacific and Middle East.

Operates established businesses in Australia, New Zealand, Singapore, Malaysia, Philippines, China and the United Arab Emirates

Supports a wide range of fixed wing aircraft and helicopters for corporate, charter, defence and special mission operators.
